PLAINTIFF'S RESPONSE TO DEFENDANT'S OBJECTION  
TO MOTION FOR CORRESPONDENCE

Comes Now, Emanuel Thomas Newman, plaintiff pro-se, and submits his response to the defendant's objections to correspondence with the witnesses which plaintiff wishes to call.

In support thereof, plaintiff states the following:

The defendants have failed to cite any case law in support of their motion in objection to correspondence. Furthermore, their reason for objecting is centered around only one of plaintiff's six inmate witnesses. That witness is Aldrich Ames Fed. Reg. No 400-87-083. To date plaintiff has been allowed to correspond with five of the six inmate witnesses, which he wishes to call.

However, plaintiff has been informed by institution staff at F.C.I. Oxford, that correspondence will be denied.

Inmate Ames's testimony is important to plaintiff case, because he alone out of the other witnesses has been trianed in sence investigation and recognition. Furthermore, his training as

an agent in the Cenrral Intelligence Agency delt with memory retention of sences and events.

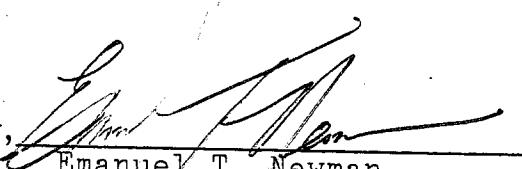

Inmate Ames is no different from any other inmate witness who this plaintiff will correspond with. All incomming and outgoing inmate mail is read by staff. The only correspondence plaintiff will have with inmate Ames will be legal in nature and deal specifically with the pending civil case, and nothing more.

Plaintiff conceeds that some years back inmate Ames might have been considered a high profile inmate, but that time has long since passed, and the defendants failed to specifically state just what the nature of the restrictions placed upon Ames were.

Furthermore, this plaintiff has no such restrictions that have been placed upon him. There are no matters of national security at issue in this case. This case deals with a failure to protect, and nothing else. Defendants objections appear to be more of a political nature, and therefore, have no place in this case.

Therefore, plaintiff moves this court to issue an order granting limited legal correspondence between plaintiff and inmate Aldrich Ames, so that plaintiff who is pro-se can prepare for trial.

Respectfully submitted by,

  
Emanuel T. Newman
